## Projects

### Tel's Barbershop Website

Website for a local barbershop in Santa Monica called Tel's Barbershop. CSS Flexbox was used to make the website responsive.

View site: <https://telsbarbershop.com/>

View code: <https://github.com/DonoKun/tels-barbershop>

### helpkyoani.moe

Website made after an arsonist attacked Kyoto Animation studio. The goal for this website was to organize all the methods to help KyoAni without searching social media.

View site: <https://helpkyoani.moe/>

View code: <https://github.com/DonoKun/help-kyoani>

### Dad Joke Generator

Got data from the icanhazdadjoke API using fetch to generate a random dad joke.

Demo: <https://vibrant-jennings-6a5ff9.netlify.com/>

Code: <https://github.com/DonoKun/dad-jokes>

## Employment History

Jul 2016 – Present

Culver City

### Receptionist / File Clerk at IV League Pharmacy

- Received a large quantity of phone calls and filtered them to their correct department.
